

# Activity report - Mars 2008

## I - Context

A.C Cameroon was legalized in France during the year 2006 to support the Cameroonian Government in the process of fight against the corruption. For that, its action falls under the order of the policy of the Cameroonian government as regards fight against the corruption.

The corruption is a social plague, which gangrene each day more the Cameroonian company it is at least what arises from the speeches of official Cameroonian. Indeed, in one of its short speeches in as long as Prime Minister of Cameroon, Peter Mafany Musongay, after having formally recognized that it constitutes one of the principal social tares, said corruption which it is the fact "of misusing a political load in order to benefit from it personal" (Quoted by Laurent Roger Ngimbog. See Ngimbog LR, " administrative justice the phenomenon proof of corruption in Cameroon ", *Right and Company*, N° 51-52, 2002 p 302). The President of the Republic fell under the same logic of recognition of the corruption as being one of the principal barriers to the process of development of Cameroon. It is in this direction that it was elaborate an official policy in order to dam up the plague.

During Mars 2008, AC Cameroon was harnessed to study the feasibility of its approach. In this direction, the temporary personnel was recruited. Actions of ground were carried out. In fact, with the course Mars, which is in fact it's first month of activities in Cameroon, AC Cameroon carried out the actions in fields Ci afterwards.

## II - Investigations
