General

In the month of June 2018, the AC hotline phone registered 12 calls with a total number of seven (07) complaints registered. Three (03) complaints on corruption and corruption related offenses and four (04) non corruption related offenses.

01 new case file opened this month

A new complaint file on Oppression was opened this month. The complainant reported a colonel for abusing his authority by seizing his car keys and papers without following due procedure. According to him, he took a quick turn at a crossroad in front of a colonels' car that made the colonel to stop brusquely. This annoyed the colonel who came out, asked him to park along the roadside, seized his car papers and car keys and it's been two days he cannot work because the colonel has not come back to the spot where he parked the car. Investigations are ongoing but have proven difficult because the complainant did not know the colonel in person and does not know the legion he is working with making it difficult for AC to proceed with investigations.

The distribution of brochures and pasting of posters continued to be the major activity carried out this month in a bid to recruit more victims of corruption. 20 posters were pasted and 197 brochures distributed in corruption hotspots around the Ekounou market, the Yaounde 13th Divisional Tax Center at Ekounou and around the Ekounou court surroundings as a means to recruit more victims following a tax fraud complaint received in the previous month of May.

Case follow-up this month as in the previous month of June continued on the corruption case involving many counts with about three hundred victims deposited at the court of First Instance in the month of August 2017. The case has not still been called up for open court hearing since considering the many instances that the lawyer has had to deposit the case file anew because it

keeps getting missing, AC petitioned the Minister of State, Minister of Justice and Keeper of the Seals through a letter calling for his intervention because according to the lawyer, this is the third time the case file is missing from the various jurisdictions which the case had been forwarded to for treatment.

Investigations

Investigations are ongoing on a new complaint file opened this month. AC is investigating on a colonel, who seized the car documents and car keys of a local commercial auto car driver in Bafia, a town in the Centre region and 120km from the capital city of Yaounde. According to the complainant, he took a quick turn at a crossroad junction in front of a colonels' car that made the colonel to stop brusquely. This annoyed the colonel who came out, asked him to park along the roadside, seized his car papers and car keys and asked him to come back the day after to collect his documents and keys. Now the complainant called on the third day after going to the spot and spending the whole day near his car hoping to see the colonel in vain. He has been unable to work and he lives off the money made from transporting passengers in that locality.

Investigations have proven difficult because the complainant did not know the colonel in person and does not know the legion he is working with making it difficult for AC to proceed with investigations. AC plans on handing over the case to SED for proper search.
