One (01) new case file was opened this month

A new case file on bribery and corruption was opened this month. The complainant, a worker at the Nkambe rural council complained that he has been unable to receive his monthly salary in the last seven months because the treasurer of the council solicited 15% as kickbacks of his monthly pay of 50,000frs CFA and he refused to comply. This has made him unable to pay his house rents and take care of his family as his children cannot go to school without school fees. Investigations are ongoing.

The distribution of brochures and pasting of posters was resumed this month after a long while and was the major activities carried out this month in order to recruit more victims of corruption. Posters were pasted and brochures distributed in corruption hotspots like the ministry of finance and its surroundings, and around the regional delegation of public security normally known as Province.

Case follow-up continued this month on the corruption case involving many counts with about three hundred victims deposited at the court of First Instance in the month of August 2017. The follow-up lawyer had written to the prosecutor demanding the case file be transmitted to the president of the court of appeal as requested and, AC is still awaiting the response of this new step.

## Investigations

Investigations are ongoing on a new complaint file on bribery and corruption opened this month. The victim complained that they have been going without salary for the past seven months now because the Nkwambe rural council had financial problems and could not pay monthly. Now that the council is in a position to pay the arrears on their salary, the treasurer of the council has solicited 15% of his monthly pay of 50,000 FRS CFA before he can release the payment, which he has refused to pay. In totality, the council owes him 350,000 FRS CFA for seven months and the treasurer wants 52,500 FRS CFA as kickbacks.

This act of corruption by the treasurer has caused him untold suffering as he has been unable to pay his house rents which has made his landlord to give him an eviction notice and his children have been driven from school because of school fees.

AC intends to get a bailiff to attest to the facts of this case. With concrete evidence from the bailiff, the corrupt official will be pursued in a court of law and damages will be claimed to restore all the victim has lost.

Investigations are still ongoing on the case file on misappropriation of public funds opened in the month of January regarding workers at the CAMPOST.
