#### ANTI-CORRUPTION ORGANISATION

### **February 2017 Report**

### **Highlights**

- One (01) new complaint file opened this month
- AC hotline received 28 calls this month
- Health Corruption hotline received **14** calls this month

#### General

The AC hotline phone received 28 calls this month of February. Seven corruption and corruption related offences were registered through the hotline phone as well as three non corruption complaints registered.

One (01) new case file was opened this month

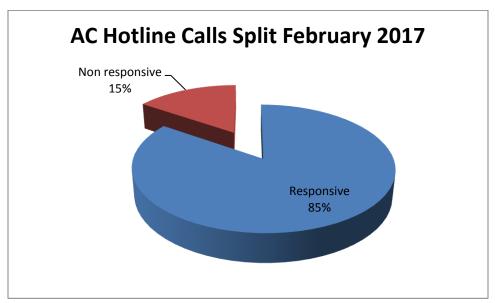

A new case file on misappropriation of state funds was opened this month. The victim complained that the transport cost for him leaving Bambili in the North West region to Dimako in the East region to relieve his colleague was misappropriated by the Delegation of secondary education in Bertoua where he was paid just a third of the amount he was supposed to receive. Investigations are ongoing.

Brochure distribution and poster pasting were the major activities carried out this month to recruit more victims of corruption. 33 posters were pasted and 50 brochures distributed in corruption hotspots in Yaounde around the vicinities of the Central Post Office and central market.

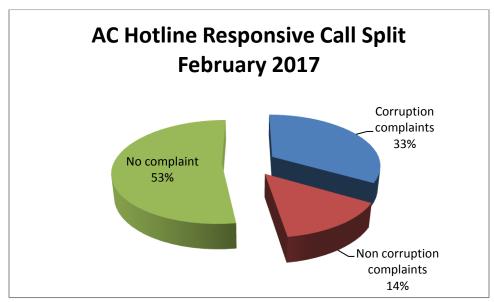

Case follow-up continued this month for the corruption case involving many counts with about three hundred victims opened in the month of October 2016. Operators from the informal sector operating in the Mokolo market area reported the commissioner of police of the 2<sup>nd</sup> police district in Mokolo for perpetrating acts of corruption, extortion, oppression, false pretense, illegal arrest and unlawful detention and torture.

#### **AC Hotline Phone**

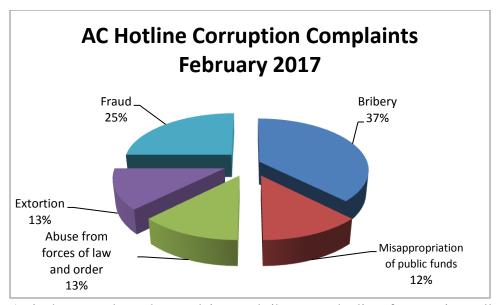

The AC hotline phone registered 28 calls this month of February 2017 with 7 corruption and corruption assimilated offences and 3 non-corruption related complaints. The calls have been analyzed and represented on charts as seen below.

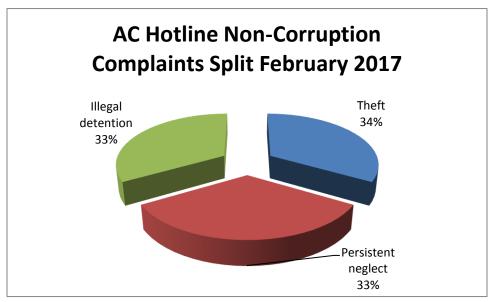

85% of calls were responsive while 15% were non responsive

Calls registering no complaint were the highest received this month with 53%, followed by calls registering corruption complaints with 33% and lastly, non corruption complaints calls with 14%

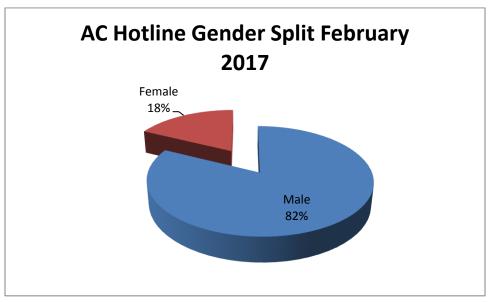

As is the normal trend, complaints on bribery top the list of corruption calls at 37%, followed by complaints of fraud at 25%, complaints of extortion and abuse from the forces of law and order at 13% and lastly, complaints of misappropriation of public funds at 12%

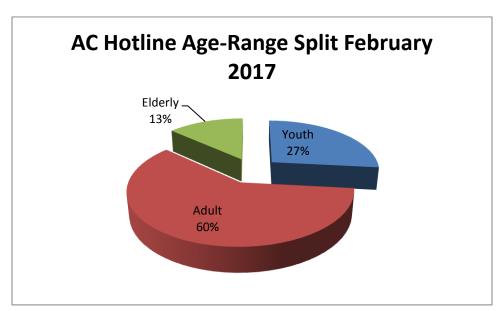

Complaints of theft top the list of non-corruption complaints at 34%, followed by complaints on persistent neglect and illegal detention with 33% each

# **Investigations**

Investigations were carried out on a new complaint on misappropriation of state funds opened this month. The victim complained that the transport cost for him leaving Bambili in the North West region to Dimako in the East region to relieve his colleague was misappropriated by the delegation of secondary education in Bertoua where he was paid just a third of the amount he was supposed to receive. Investigations are ongoing.

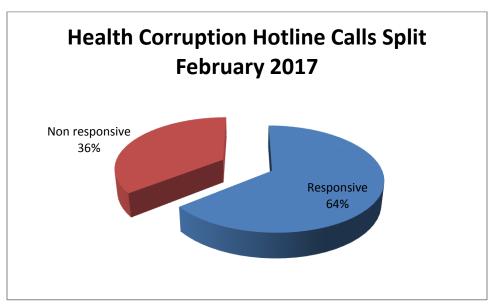

# **Legal Follow-up**

Case follow-up continued this month on the corruption case involving many counts with about three hundred victims opened in the month of October 2016. Operators from the informal sector operating in the Mokolo market area reported the commissioner of police of the 2<sup>nd</sup> police district in Mokolo for perpetrating acts of corruption, extortion, oppression, false pretense, illegal arrest and unlawful detention and torture. A bailiff was used to draw three declarations: a certified report of the site of offense, a report auditioning the victims and a summons summoning the commissioner to restitute the goods seized from victims. The documents have been registered at the taxation office.

AC is in the process of talking with lawyers in order to choose the best considering the case has a lot of intricacies and can have political tendencies which many lawyers have shied away from.

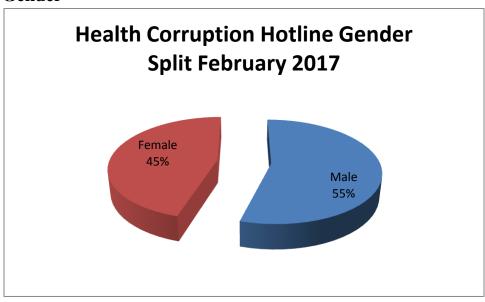

# **Health Corruption Hotline**

The Health Corruption hotline received 14 calls this month of February registering two complaints all on malaria treatment. Data from the calls has been analyzed as is represented on charts below.

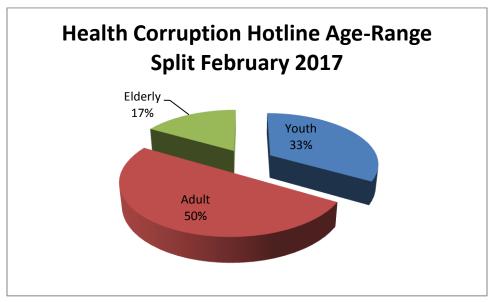

64% of calls were responsive this month of February while 36% were non responsive
